SUPPLEMENTARY INFORMATION: Pursuant to section 401(a) of the Child Support Performance and Incentive Act of 1998 (CSPIA), the Department of Labor (DOL) and HHS jointly promulgated the National Medical Support Notice Final Rule (NMSN Regulation). The NMSN Regulation, codified at 29 CFR 2590.609-2, simplifies the issuance and processing of medical child support orders; standardizes communication between state agencies, employers, and Plan Administrators; and creates a uniform and streamlined process for enforcement of medical child support to ensure that all eligible children receive the health care coverage to which they are entitled. This ICR addresses the Plan Administrator's responsibilities under the NMSN Regulation to complete Part B of the NMSN. DOL is proposing to require that the addendum to Part B of the NMSN, previously only for those using e-NMSN, be included for all Part B notices. The changes proposed to the form itself are generally formatting changes and additional spaces intended to facilitate completion of the notice and conform to similar changes made to Part A. In this ICR submission, DOL is seeking approval of the current and revised notices to allow states time to transition to the new notices. There will be a one-year transition period where the currently approved version of the NMSN Part B notice (ICR Ref. No - 202102-1210-001) may still be used before respondents will be required to use the revised notice. For additional substantive information about this ICR, see the related notice published in the *Federal Register* on April 20, 2022 (87 FR 23570).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of

information that does not display a valid OMB Control Number. *See* 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
